## The President's Remarks

As your newly elected president, I am taking over the gavel from an outstanding President Dr. Erin Brewer, who served the Association well during her 2009 term. I want to congratulate Dr. Brewer and her local

arrangements committee for planning and hosting an outstanding conference in New Orleans this past March.

The Governing Council this year will be working on many projects that will help guide LPHA in meeting our goals of better providing for the health and welfare of the citizens of our great state. Some of these areas include: growing our Membership; establishing Corporate Sponsorships; hiring an Executive Director; and working on grants to promote some of our programs.

We will be hosting our 2011 Conference in Lake Charles on March 15<sup>th</sup> thru 18<sup>th</sup>, 2011, at the L'Auberge Du Lac Convention Center and Casino. Additional information and details will be forth coming, but I encourage you to go ahead and reserve the date now. We are pleased to announce that the Louisiana Rural Water Association and the Louisiana Public Health Emergency Preparedness Group will be co-hosting our conference for this upcoming year. The theme for the 2011 Lake Charles meeting is "Back to Basics". So with this theme in mind, do the first "basic" thing and mark your 2011 calendar now to attend next year's conference March 15 -18, at the L'Auberge Du Lac Convention Center and Casino!
